## Site Supervisor Introduction

Dear Site Supervisor:

Welcome! The faculty and students of the Counseling Department at the University of Mount Olive thank you for your generous contribution of valuable time and experience as an on-site supervisor for one of our interns. Your efforts help promote excellence in the Counseling profession, and the supervisory role you play contributes to the quality of education and professional preparation of the intern at your site. We very much look forward to a collaborative and growth-oriented relationship with you.

This manual will guide you to the essential elements you will need to familiarize yourself with as an internship supervisor for the University of Mount Olive. In this guidebook, you will find information regarding the standards for an internship experience for students as required by the Council for Accreditation of Counseling and Related Educational Programs (CACREP). CACREP standards ask that all on-site supervisors receive orientation, assistance and consultation regarding clinical supervision of interns in our programs.

The Professional Experience Clinical Coordinator of our Counseling Department will be in contact with you throughout the placement to provide whatever assistance you may need. You will also be invited to participate in a live online orientation/training in supervision consisting of various materials and presentations that will prepare you for your role as a site supervisor. You will receive an email invitation on how to access the training. In the event you are unable to attend the live online training, you will receive information on how to complete the orientation online. Once you have completed the orientation and training presentation, you will sign a form acknowledging your completion of the training. Again, this training is a requirement of all counseling site supervisors. We hope that you will find the training both convenient and informative.

As the new semester approaches, your intern will contact you to discuss the university affiliation agreement and any other additional details regarding practicum or internship. If you have questions or require additional information, please contact Dr. Raychelle Casssada Lohmann at [rlohmann@umo.edu](mailto:rlohmann@umo.edu).

Thank you again for your contribution to the training of our counseling students. It is our sincere hope your experience with our program is an enriching one.

Sincerely,

*The Counseling Department at the University of Mount Olive*

## DEPARTMENTAL INFORMATION

### MISSION STATEMENT

The **mission** of the Master of Science in Counseling: Clinical Mental Health program at the University of Mount Olive is to provide graduates with the knowledge, skills, and appropriate attitudes to competently engage in professional clinical mental health counseling as culturally responsive practitioners and advocates in an increasingly diverse society.

### VISION STATEMENT

The **vision** of the faculty is a commitment to purposefully provide learning opportunities that facilitate the development of counselor identity and ethical practice utilizing a variety of research-based counseling interventions and assessments to address the individual needs of diverse clients in an empathetic and culturally sensitive manner through faculty mentoring, programming that aligns with the profession's accrediting body, and supervised clinical experiences.

### VALUES STATEMENT

The **values** espoused by the faculty are reflective of the University Covenant and The American Counseling Association. We value the following:

- Respect for diversity of thought, values and principles
- Whole person through the Biopsychosocial-spiritual perspective
- Effective collaboration between faculty and students
- Modeling examples of service to the profession, individuals in crisis, and society
- Scholarship in research that promotes competent scientist-practitioners
- High quality, inspiring, and engaging learning environments
- Ethical standards of honesty, trustworthiness, integrity, justice, responsibility, caring, respect

## INTRODUCTION

The practice of Mental Health Counseling is defined as “the application of mental health, psychological or human development principles, through cognitive, affective, behavioral or systemic intervention strategies, that address wellness, personal growth, or career development, as well as pathology” (ACA, 1997). The University of Mount Olive’s Counseling Department offers two graduate programs leading to master’s degrees that equip students with the theoretical and practical aspects of a career in counseling.

The **Master of Science in Clinical Mental Health Counseling** is a 60 credit program that allows the students to complete all the credits, including the core curriculum, required for the National Certified Counselor credential and Licensed Clinical Mental Health Counseling licensure in North Carolina.

The **Master in Addiction Studies** is a 42-credit program designed to prepare students to become addictions counselors who work with individuals, groups, couples and families impacted by various types of substance use and addictive disorders. Graduates are prepared to work within a variety of addictions treatment programs and agencies and eventually to practice privately. The Addictions Studies program was developed to meet the educational requirements for the LACS (Licensed Clinical Addictions Specialist), in North Carolina. However, it is the student’s responsibility to ensure acceptability by the licensing agency.

A key part of all these programs is clinical experience. Students have the opportunity to complete supervised site-based experience, including counseling actual clients at university approved field sites. Each site experience is aided by close clinical supervision at the site, as well as at UMO. This handbook will provide the supervisors with the details of the requirements for such site experiences.

# PROGRAM OBJECTIVES

The Clinical Mental Health Counseling Department adhere to the assigned Practicum and Internship experiences CACREP Common Core Standards.

## CACREP Common Core Standards

### Professional Orientation and Ethical Practice

- self-care strategies appropriate to the counselor role;
- counseling supervision models, practices, and processes;
- advocacy processes needed to address institutional and social barriers that impede access, equity, and success for clients;
- ethical standards of professional organizations and credentialing bodies, and applications of ethical and legal consideration in professional counseling.

### Social Cultural Diversity

- individual, couple, family, group, and community strategies for working with and advocating for diverse populations, including multicultural competencies

### Helping Relationships

- essential interviewing and counseling skills

### Group Work

- group leadership or facilitation styles and approaches, including characteristics of various types of group leaders and leadership styles

### Clinical Mental Health Counseling Internship

- Demonstrates the ability to apply and adhere to ethical and legal standards in clinical mental health counseling
- Applies multicultural competencies to clinical mental health counseling involving case conceptualization, diagnosis, treatment, referral, and prevention of and mental and emotional disorders
- Promotes optimal human development, wellness, and mental health through prevention, education, and advocacy activities
- Applies effective strategies to promote client understanding of and access to a variety of community resources
- Demonstrates appropriate use of culturally responsive individual, couple, family, group, and systems modalities for initiating, maintaining, and terminating counseling
- Demonstrates the ability to use procedures for assessing and managing suicide risk
- Applies current record-keeping standards related to clinical mental health counseling.

# Practicum and Internship Requirements

## Information for Site Supervisors

The on-site supervisor plays a key role in the professional experience and educational development of the counseling student. The supervisor serves as a professional role model and is often the student's first contact with professional counseling's service delivery and world of work. At UMO, we look to the On-Site Supervisor as a partner in the education of our students and therefore seek supervisors who are knowledgeable in theories and techniques of professional counseling, mental health, human development, and issues of diversity that are important to the developing counselor.

## Practicum

The Practicum site should provide the student with the following opportunities in order to fulfill course objectives.

1. To complete a 100-clock-hour counseling internship in a mental health counseling facility. Of the 100 clock hours required, a minimum of 40 clock hours must be in direct service work (face-to-face interaction with clients);
2. To receive at least one hour per week of individual supervision on-site;
3. To counsel clients representing ethnic, lifestyle, and demographic diversity within the community;
4. To videotape or audiotape individual clinical sessions for presentation in group supervision with permission from the client and/or the client's guardian (all measures will be taken to maintain client confidentiality) Document can be found in the Forms section;
5. To engage in a variety of professional activities, including record keeping, supervision, information and referral, consultation, in-service training, advocacy, and staff meetings, as well as direct service;
6. A setting for individual and group counseling with assured privacy in compliance with HIPAA;
7. Site supervisors must participate in the Counseling Department's online site supervisor orientation. At the beginning of the semester, site supervisors received an email from the faculty supervisor directing them to an online supervision training module accessible on our [Master of Science in Counseling Site Supervisor Resources](#) webpage. Site supervisors must acknowledge that they have reviewed the online supervision training in concert with their experience by submitting the *Site Supervisor Orientation Form*; and
8. The student will receive group supervision from the University professor and will receive individual supervision via the site supervisor.

## Internship

The Internship site should provide the student with the following opportunities to fulfill course objectives.

1. To complete a 600-clock-hour counseling internship in a mental health counseling facility. Of the 600 clock hours required, a minimum of 240 clock hours must be in direct service work (face-to-face interaction with clients);
2. To receive 3 credits per semester for each 300 hours of internship completed. Interns must accumulate a minimum of 6 credits in Internship in Counseling to meet graduation requirements for the M.S. in Clinical Mental Health Counseling;
3. To receive at least one hour per week of individual supervision on-site;
4. To counsel clients representing ethnic, lifestyle, and demographic diversity within the community;
5. To videotape or audiotape individual clinical sessions for presentation in group supervision with permission from the client and/or the client's guardian (all measures will be taken to maintain client confidentiality) Document can be found in the Forms section;
6. To engage in a variety of professional activities, including record keeping, supervision, information and referral, consultation, in-service training, advocacy, and staff meetings, as well as direct service;
7. A setting for individual and group counseling with assured privacy in compliance with HIPAA;
8. Site supervisors must participate in the Counseling Department's online site supervisor orientation. At the beginning of the semester, site supervisors received an email from the faculty supervisor directing them to an online supervision training module accessible on our [Master of Science in Counseling Site Supervisor Resources](#) webpage. Site supervisors must acknowledge that they have reviewed the online supervision training in concert with their experience by submitting the *Site Supervisor Orientation Form*; and
9. The student will receive group supervision from the University professor and will receive individual supervision via the site supervisor.

## Definition of Hours

Students in practicum and internships keep track of their hours in Tevera to verify that they meet the minimum class requirements. 100 hours (40 direct) per semester are required for Practicum, and 600 (240 direct) are required for Internship. Verification of the Hours Log is also important for later confirming to the NC Licensed Clinical Mental Health Counseling Board the total number of

supervised hours that were earned during site-based professional experience. Please note students may not carry over hours from Practicum to Internship courses.

The Hours Log has several columns for indicating the several types of qualifying activities that the student may count toward the total amount of service at the site. To ensure that there is good understanding of what qualifies under each of these categories the following definitions are provided:

**Direct Client Hours (A minimum of 40 for Practicum and 240 for Internship):**

The entries in these columns reflect the hours spent in direct client care (individual, family, and group counseling). These may include one-on one counseling and co-counseling/facilitating (individuals and groups) - the key is that the student is actively and independently counseling alone, or together with another licensed clinician. Shadowing a supervisor, or another more experienced counselor does not count as direct hours. It may count as Other Professional Activity Hours (under the Non-Direct Hours column).

**Non-Direct Hours:**

**Supervision:**

The program requirements state that the student must participate in at least one hour per week of site supervision. To ensure that such supervision is facilitated, it is advised that a regularly scheduled hour be used with the student's assigned supervisor. Additional supervision hours, beyond these required ones, may include group supervision at the site and any additional supervision with a licensed supervisor. Class hours cannot be counted into the site experience hours.

**Other Professional Activities:**

There are activities associated with the site assignment that count as Non-Direct Hours. These include documentation of client sessions (individual and group), any training arranged for the intern by the site, preparation for sessions (for example creating group activities, etc.) and case discussions among interns and other staff at the site. Generally, all these activities take place at the site unless the site specifically invites the student for an off-premises meeting or training opportunity.

**Procedure for filling out the log**

Log entries should be made at least weekly and signed by the on-site supervisor each week. The UMO class professor will support the students on a regular basis by reviewing the hours log with the student to ensure that all the requirements can be met by the end of the semester. If problems are foreseen, the professor will work with the student (and possibly the site supervisor and/or Clinical Coordinator) to ensure that the required hours can be achieved by the end of the semester.

## Supervision Requirements

Site supervisors must meet with assigned interns at least one hour per week for face-to-face individual or triadic (supervisor and two interns) supervision. Site Supervisors must have the following professional credential requirements:

1. Have a minimum of a master's degree, in counseling or a related profession with equivalent qualifications, including appropriate certifications and/or licenses to practice independently in state of residence.
2. Hold appropriate professional licenses and/or certifications.
3. Have a minimum of two years of pertinent professional experience in the specialty area in which you are enrolled.
4. Demonstrate knowledge of the Counseling Department's expectations, requirements, and evaluation procedures for clinical experiences. This information will be shared during their training.
5. Have appropriate training or education in counseling supervision.
6. Provide documentation of these credentials by completing the Practicum/Internship Site Approval Form, Site Supervisor Information Form (both found in the Required Forms section of this packet) and the online Site Supervisor Orientation Form (information will be forthcoming following site-approval).
7. Site supervisors must participate in the Counseling Department's online site supervisor orientation. At the beginning of the semester, site supervisors received an email from the faculty supervisor directing them to an online supervision training module accessible on our [Master of Science in Counseling Site Supervisor Resources](#) webpage. Site supervisors must acknowledge that they have reviewed the online supervision training in concert with their experience by submitting the *Site Supervisor Orientation Form*.

## Expectations of Site Supervisor

The on-site supervisor is expected to engage in the following supervisory activities:

1. Conduct weekly, individual, clinical supervision of at least one (1) hour per week; additional supervision may be necessary or required by the setting;
2. Participate in biweekly consultation with the University instructor;
3. Encourage the student to engage in other professional development opportunities offered to the full-time staff;  
and
4. Evaluate the student's performance and professional development at the midpoint and conclusion of the course (The university instructor will provide the link to an online evaluation).

The supervisor's insight, evaluation, and support are pivotal in encouraging the student's professional growth and development in Counseling. The UMO Counseling

Program uses the Counselor Competencies Scale-Revised (CCS-R) as the primary evaluative tool for assessing students' counseling skills and dispositions/behaviors.

### Counselor Competencies Scale – Revised (CCS-R)

The Counselor Competencies Scale – Revised (CCS-R) is a research-based rating scale that many graduate counseling programs use to evaluate counseling students' progress in their programs and practicum/internship placements. The University of Mount Olive Counseling Department uses this scale to assess students' progress in their professional experience courses (practicum/internship). Site Supervisors access and fill out the CCS-R in students' Tevera account twice (mid-term evaluation and final evaluation) during each semester they are enrolled in practicum and internship courses. Students must receive a combine score of **no less than 48/60** on the **Part 1: Counseling Skills & Therapeutic Conditions** portion of the scale, and a combined score of **no less than 44/55** on the **Part 2: Counseling Dispositions & Behaviors portion of the scale** to pass clinical courses, regardless of course assignment grades. Any rating of **Below Expectations/Unacceptable (2)** on any portion of the CCS-R on either mid-term or final evaluation may result in the formation of a remediation plan; and a rating of **Harmful (1)** on any portion of the CCS-R on either a mid-term or final evaluation will result in the formation of a remediation plan to address strategies for improvement. Should a site supervisor be uncertain about how to rate a student on a particular criterion, consult with the student's faculty instructor before completing the evaluation.

### Removal from a Site Placement

At any point in the professional experience a student may be removed from an assigned site placement by the faculty supervisor, clinical coordinator, or Department Chair. Removal from a site may also occur upon the site supervisor's request and/or the student's depending on the concern(s). Removal from a site may occur for reasons deemed necessary for public safety, the well-being of the student, the well-being of the placement site, or site placement-supervisor/student mismatch. Should removal for any reason not requested by the student occur, the student will be notified immediately by any of the above-mentioned professionals. If the removal is due to clinical competency or professional dispositional concerns, remedial measures will be put in place to address them before the student returns to professional experience courses. Should removal be a result of a "poor fit" or "mismatch" between the student and the practicum site/supervisor, the student will be required to find a new, appropriate site before continuing in the professional experience course.

### Faculty Instructor/Supervisor & Site Supervisor Engagement

During professional experience courses (practicum & internship) students will be working under the supervision of both a site supervisor and a faculty supervisor

who is the assigned instructor for the practicum or internship course. The faculty supervisor will reach out to the site supervisor several times throughout the semester when a student is enrolled in practicum/internship for verbal feedback on the student's progress. These may be formal or informal contacts with or without the student present. Site supervisors may reach out to the faculty supervisor at any time for any reason concerning the student's progress.

## Faculty Group Supervision

During practicum and internship, counselor-in-training students will participate in regular, scheduled group supervision sessions in a classroom format. Group supervision involves "a tutorial and mentoring relationship between a member of the counseling profession and more than two counseling students" (CACREP, 2016, p. 41). This requirement is part of our program's commitment to meeting or exceeding the CACREP master's level standards and guidelines. CACREP competencies can be found in Appendix A and Appendix B.

## Practicum and Internship Training Sessions

The faculty supervisor assigned to this course will contact the site supervisor upon fieldwork site approval. The faculty supervisor provides the site supervisor with orientation steps and resources. The following orientation materials include:

1. Previous or Current Supervisors. Please review the *Supervisor Orientation*, *Site Supervisor Handbook*, and *Practicum & Internship Handbook* for an overview of the requirements and expectations for those involved in our program. To preview the areas, the site supervisor will evaluate our students, and the site supervisor will find our evaluation questions in the appendix of the Handbook.
2. New supervisors—who have not had any previous supervisory training: View our three supervision training modules (only required for supervisors without supervisory training). Each training module features topics related to counselor supervision. In addition, the following topics are included in the training modules:
  - a. UMO Site Supervisor Orientation & Training (PowerPoint)
  - b. Best Practices for Supervision (Video)
  - c. Supervision Theory and Models (Video)

# Additional Information

## Student Liability Insurance

Professional Student Liability Insurance is required for all practicum and internship students. Students must secure and maintain professional liability coverage of at

least \$1,000,000 per occurrence and \$3,000,000 aggregate prior to entering practicum. Students who do not have liability insurance will not be allowed to continue in practicum. Insurance must be renewed annually, and a current certificate must be on file with UMO for registration in practicum and internship. Proof of insurance includes the Declarations (or cover) page of the policy, detailing coverage, and effective dates of coverage.

### Accreditation Standards

The UMO Counseling Clinical Mental Health Counseling has been developed to meet or exceed the 2016 Standards of the Council for Accreditation of Counseling and Related Educational Programs (CACREP). CACREP competencies can be found in Appendix A and Appendix B.

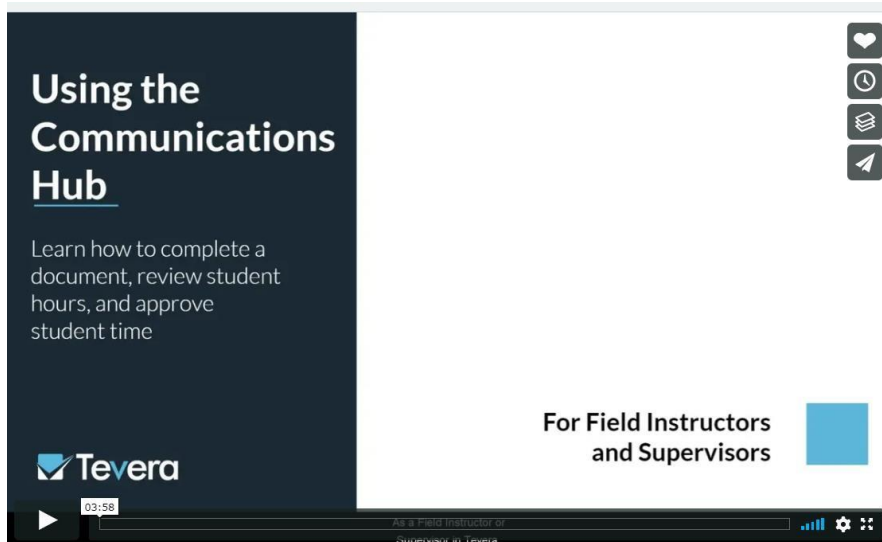

## SERVICES

### Tevera

The Counseling Department has implemented an extensive student learning outcome assessment process via a software system called Tevera. Tevera will be used to track student learning and progress on an individual and program basis, facilitate the field placement process, record weekly hours at sites, and provide students with permanent access to this information post-graduation. This evaluation process is also a crucial element of our accreditation and key to expediting the licensing process after graduation.

### Tevera Instructions for Site Supervisors

Click on the below image or visit: <https://vimeo.com/273385443>

## CastleBranch

The criminal background check (CBC) policy is a requirement for students entering the practicum/internship phase of the University of Mount Olive's Graduate Counseling degree programs. Students will submit a copy of the receipt from CastleBranch as proof of purchase of the background check package. The criminal background check portion of the package must have been completed within one calendar year of the first day of the academic semester in which the student is applying for practicum or internship. If the criminal background check was completed more than one calendar year from the first day of the academic semester in which the student is applying for practicum or internship, then the student must order a background re-check through CastleBranch.

We offer both in-state and out-of-state packages. All students will have a CBC before starting at your site, including the following.

- Statewide Criminal NC
- Nationwide Healthcare Fraud and Abuse Scan
- Nationwide Record Indicator Alias with SOI
- Social Security Alert
- Residency History
- Drug Screening available, if required.
- Out-of-state Criminal Check available, if required.

The following is a link to see UMO CastleBranch CBC process.

**Practicum/Internship Start Date:****Practicum/Internship End Date:**

First, we thank you for agreeing to serve as a site supervisor for our practicum/internship student. This memo outlines the mutual responsibilities of site supervisors and practicum/internship counselors providing services to clients as part of supervised field experiences in counseling. If you have any questions, or need to discuss a practicum/internship student's performance or development before the formal midterm evaluation period, please contact the Clinical Coordinator, Dr. Raychelle Lohmann, at [rlohmann@umo.edu](mailto:rlohmann@umo.edu)

**The Department is expected to:**

1. Provide weekly individual and group supervision that includes 1.5 hours during each enrollment week.
2. Provide a copy of the practicum/internship syllabus to the Site. (If you did not receive a copy of this memo, please ask your supervisee to obtain one for you).
3. Indicate to the practicum/internship student that the Department expects them to abide by the site's policies.
4. Initiate, as indicated, conferences with the Site Supervisor to discuss the student's performance.
5. Emphasize to students their professional responsibilities to clients.
6. Require students to participate obtain a background check (unless a specific one required by the site) and professional liability insurance.

**The Site is expected to:**

1. Provide clinical/counseling experiences for the practicum student in accordance with department requirements that include 3-4 client contact hours per week. At least 2 hours each week must be spent in individual counseling. Assist the student in obtaining consent agreements to audio record counseling sessions for use in supervision. When sending forms home with minors, it is helpful for the supervisor to include information about why their child has been invited to participate in counseling sessions.

2. Make provisions for orientation of the Department and the practicum student of the site's buildings, philosophies, and policies. Included in the orientation should be the procedure for assigning clients to the student, emergency procedures of the site, and any site-specific limits to confidentiality of which the student counselor should be aware.
3. Attempt, within site philosophy and administrative guidelines, to help the student meet departmental requirements.
4. Provide office space for the practicum/internship student to the extent feasible. A private space will be provided for the student while they see clients.
5. Assist in the evaluation of the practicum/internship student's clinical/counseling performance relative to the objectives of the experience. A formal evaluation is conducted using the forms provided at both mid-term and final weeks of the term. The site will notify the departmental supervisor of any problems which may influence the student's successful completion of the placement.
6. Assure that the student will be properly supervised at all times by a master's level, or equivalent level counselor with a minimum of 2 years of experience with an appropriate license.
7. Provide documentation and evaluations through Tevera.

# UMO Counseling Department

## Student Expectations Agreement

### **Reciprocal Relationship:**

This internship is considered a didactic experience where the institution assists the learning experience of the student, and the student is expected to assist the institution. Specific experiences and responsibilities are to be agreed upon between the student and supervisor. However, any problems or conflicts may be reported to the course instructor as needed.

Student Agreement

Supervisor Agreement

### **Learning Objectives:**

The student will supply the supervisor with a copy of the course syllabus detailing the course objectives. At a minimum, the practicum/internship should provide the student with a practical experience related to the field of study, exposure to typical career experiences, knowledge of ethical and legal guidelines, and typical expectations and outcomes related to the institutional goals and purposes.

Student Agreement

Supervisor Agreement

### **Ethics/Behavior:**

Students will exhibit the highest level of ethical, moral, and legal behavior. Students and supervisors agree to abide by all applicable ethical and legal requirements and expectations. Any breach or behavioral problems will be reported promptly to the course instructor. The supervisor agrees to provide, and the student agrees to become familiar with all applicable codes and expectations of the field, applicable law, and the institution. All applicable confidentiality requirements must be strictly followed.

Student Agreement

Supervisor Agreement

**Assessment:**

Students will keep a personal journal/log of experiences through Tevera to be submitted to the course instructor by the deadline. Additionally, supervisors agree to timely complete a final report of the student's experience, conduct, and learning objectives at the conclusion of the experience. It is the student's responsibility to provide the required forms to the supervisor in a timely manner.

Student Agreement

Supervisor Agreement

**WAIVER OF LIABILITY & INDEMNITY**

**\*Nothing in this agreement shall release the student of any responsibility or liability of the internship institution, and institutions may require other forms and agreements between the student and the intuition. [The term "institution" herein refers to the organization, institution, supervisor, and any and all employees or representatives of the organization where the internship is performed.]**

- **Waiver and Indemnity.** The undersigned student, for himself/herself and his/her and assigns, and institution representative, jointly and severally, hereby release, waive his or her rights to recover against, and **agree to indemnify, defend, and hold harmless University of Mount Olive**, and all of its operators, and parent, subsidiary and related entities, and its and their respective officers, directors, employees, agents, servants and volunteers acting on its behalf and insurers from and for any and all claims or causes of action for any losses, damages, property damage, property loss or theft, costs, expenses (including attorney's fees and opinion witness fees), complaints, personal injury, death or other loss arising from or relating in any way to student's participation in the Internship, including, without limitation, student's travel to, from and during the internship, and wrongful acts of others that are harmful to the student.

- **This release, waiver and indemnity agreement extend to claims based in whole or in part on the negligence of University of Mount Olive** all of its operators, and parent, subsidiary and related entities, and its and their respective officers, directors, employees, agents, servants and volunteers acting on its behalf and insurers **but shall not extend to claims predicated on gross negligence, willful or wanton conduct or intentional conduct.**
- **Covenant Not To Sue.** The undersigned student, for himself/herself and his/her heirs and assigns and institutional representative each promise and agree that he or she will not sue University of Mount Olive, or any of its operators, or parent, subsidiary and related entities, or its or their respective officers, directors, employees, agents, servants and volunteers acting on its behalf and insurers for any damages, losses, claims, causes of action, suits, demands, costs, complaints, including those resulting from the undersigned's illness, injury, and/or death, released and waived in the two preceding paragraphs.
- **Agreements Not Limited by Actions of University of Mount Olive.** The undersigned student agreements and obligations under the two preceding paragraphs shall not be limited or reduced in any way because any of the losses, damages, property damage, property loss or theft, costs, complaints, personal injury, death or other loss, including those resulting from the undersigned's' illness, injury, and/or death, that arise or result, in whole or in part, from the negligence of, or breach of any express or implied warranty or duty by University of Mount Olive, or any of its operators, or parent, subsidiary and related entities, or its or their respective officers, directors, employees, agents, servants, and insurers. The provisions of this paragraph extend to claims based in whole or in part on the negligence of University of Mount Olive and all of its operators, and parent, subsidiary and related entities, and its and their respective officers, directors, employees, agents, servants and volunteers acting on its behalf and insurers but shall not extend to claims predicated on gross negligence, willful or wanton conduct or intentional conduct.

Expectations of Students and Site Supervisors during practicum and Internship

The Counseling Supervision Agreement serves as verification and description of the counseling supervision responsibilities among the Student, the Site Supervisor, and the Field Placement Coordinator. A UMO faculty member, assigned to each practicum and internship student, coordinates the student’s field experience. The Supervision Agreement is completed by all students prior to entering practicum and internship placement.

**Purpose, Goals, and Objectives:**

1. Monitor and ensure welfare of clients seen by Student
2. Promote development of Student's professional identity and competence
3. Fulfill academic requirement for Student's Practicum
4. Fulfill requirements in preparation for Student's pursuit of licensure and certification

**Recording Requirements**

Students are required to record (video recording is preferred) some of their sessions with the client's permission obtained through a signed consent form.

**Responsibilities of Supervisor and Internship student**

The supervisor agrees to: (Supervisor, please check items to indicate you have read and agree to the responsibilities.)

Ensure student receives orientation to the facility and has access to site policies and procedures.

Assist the student with the planning of the practicum or internship experience to include minimum hours and types of experiences delineated in the UMO Practicum or Internship Handbook.

Speak with student’s University Supervisor during the semester and maintain contact with the student's university supervisor(s) to communicate the student’s progress and any concerns.

Ensure that students have at least 4-8 opportunities to record (audio/video) sessions with clients.

Complete the university’s evaluation form concerning the student’s counseling performance.

Provide a minimum of one (1) hour of weekly individual/triadic supervision for practicum/internship students.

Student agrees to: (Student, please initial items to indicate you have read and agree to the responsibilities.)

- Provide site supervisor with information on UMO program requirements and supervision training opportunities.
- MEET WEEKLY WITH SUPERVISORS (site and university).
- Facilitate communication among supervisors.
- Learn and adhere to the policies and procedures of the site, including procedures for crisis interventions.
- Represent self and the university in a professional manner.
- Follow the American Counseling Association's and American School Counselor Association's Ethical Guidelines, as appropriate.
- Record sessions 5-8 times during the semester to bring to University supervision.
- Provide university with evaluations of site supervisor at middle and end of each semester.
- Consult immediately with site supervisor or available licensed representative when client may be at risk for harm to self or others.

Length of agreement (start and end dates should correspond to University semester dates)

Start date:

End date:

Hours per week:

Days of week:

**Signatures:**

This document serves as contract between the site and the student. Signatures indicate agreement on the above requirements and responsibilities.

## Site Supervisor Orientation – CMHC

Thank you so much for your willingness to supervise a University of Mt. Olive graduate counseling program student this semester for a practicum or internship in clinical mental health counseling.

The faculty supervisor assigned to this course will contact you soon and be a helpful resource to you throughout the semester. Here are a few steps to follow to become oriented with the semester ahead:

1. **Previous or Current Supervisors.** Please review the [Supervisor Orientation](#), [Site Supervisor Handbook](#), and the [Practicum & Internship Handbook](#) for an overview of the requirements and expectations for those involved in our program. To preview the areas in which you will be evaluating our students, you will find our evaluation questions in the appendix of the Site Supervisor Handbook.
2. **New supervisors** —who have not had any previous supervisory training: View our three supervision training modules (only required for supervisors without supervisory training). Each activity features topics related to counselor supervision. The following topics are included in the training modules:
3. [UMO Site Supervisor Orientation & Training \(PowerPoint\)](#) [Best Practices for Supervision \(Video\)](#) [Supervision Theory and Models \(Video\)](#)

**Supervisor Status: Please indicate below if you are a Previous/Current Site Supervisor or a New Supervisor.**

Previous/Current Site Supervisor

New Supervisor

**My signature acknowledges that I have reviewed the site supervisor orientation training modules applicable to my supervisor status.**

Site Supervisor Signature      Date

# APPENDICES

# Appendix A - CACREP Competencies

## CACREP Core Competencies

### 1. PROFESSIONAL COUNSELING ORIENTATION AND ETHICAL PRACTICE

- a. history and philosophy of the counseling profession and its specialty areas
- b. the multiple professional roles and functions of counselors across specialty areas, and their relationships with human service and integrated behavioral health care systems, including interagency and interorganizational collaboration and consultation
- c. counselors' roles and responsibilities as members of an interdisciplinary community outreach and emergency management response teams
- d. the role and process of the professional counselor advocating on behalf of the profession
- e. advocacy processes needed to address institutional and social barriers that impede access, equity, and success for clients
- f. professional counseling organizations, including membership benefits, activities, services to members, and current issues
- g. professional counseling credentialing, including certification, licensure, and accreditation practices and standards, and the effects of public policy on these issues
- h. current labor market information relevant to opportunities for practice within the counseling profession
- i. ethical standards of professional organizations and credentialing bodies, and applications of ethical and legal considerations in professional counseling
- j. technology's impact on the counseling profession
- k. strategies for personal and professional self-evaluation and implications for practice
- l. self-care strategies appropriate to the counselor role
- m. the role of counseling supervision in the profession

### 2. SOCIAL AND CULTURAL DIVERSITY

- a. multicultural and pluralistic characteristics within and among diverse groups nationally and internationally
- b. theories and models of multicultural counseling, cultural identity development, and social justice and advocacy
- c. multicultural counseling competencies
- d. the impact of heritage, attitudes, beliefs, understandings, and acculturative experiences on an individual's views of others
- e. the effects of power and privilege for counselors and clients
- f. help-seeking behaviors of diverse clients
- g. the impact of spiritual beliefs on clients' and counselors' worldviews
- h. strategies for identifying and eliminating barriers, prejudices, and processes of intentional and unintentional oppression and discrimination

### **3. HUMAN GROWTH AND DEVELOPMENT**

- a. theories of individual and family development and transitions across the lifespan
- b. theories of learning
- c. theories of normal and abnormal personality development
- d. theories and etiology of addictions and addictive behaviors
- e. biological, neurological, and physiological factors that affect human development, functioning, and behavior
- f. systemic and environmental factors that affect human development, functioning, and behavior
- g. effects of crisis, disasters, and trauma on diverse individuals across the lifespan
- h. a general framework for understanding differing abilities and strategies for differentiated interventions
- i. ethical and culturally relevant strategies for promoting resilience and optimum development and wellness across the lifespan

### **4. CAREER DEVELOPMENT**

- a. theories and models of career development, counseling, and decision-making
- b. approaches for conceptualizing the interrelationships among and between work, mental wellbeing, relationships, and other life roles and factors
- c. processes for identifying and using career, avocational, educational, occupational and labor market information resources, technology, and information systems
- d. approaches for assessing the conditions of the work environment on clients' life experiences
- e. strategies for assessing abilities, interests, values, personality and other factors that contribute to career development
- f. strategies for career development program planning, organization, implementation, administration, and evaluation
- g. strategies for advocating for diverse clients' career and educational development and employment opportunities in a global economy
- h. strategies for facilitating client skill development for career, educational, and life-work planning and management
- i. methods of identifying and using assessment tools and techniques relevant to career planning and decision making
- j. ethical and culturally relevant strategies for addressing career development

### **5. COUNSELING AND HELPING RELATIONSHIPS**

- a. theories and models of counseling
- b. a systems approach to conceptualizing clients
- c. theories, models, and strategies for understanding and practicing consultation
- d. ethical and culturally relevant strategies for establishing and maintaining in-person and technology-assisted relationships

- e. the impact of technology on the counseling process
- f. counselor characteristics and behaviors that influence the counseling process
- g. essential interviewing, counseling, and case conceptualization skills
- h. developmentally relevant counseling treatment or intervention plans
- i. development of measurable outcomes for clients
- j. evidence-based counseling strategies and techniques for prevention and intervention
- k. strategies to promote client understanding of and access to a variety of community-based resources
- l. suicide prevention models and strategies
- m. crisis intervention, trauma-informed, and community-based strategies, such as Psychological First Aid
- n. processes for aiding students in developing a personal model of counseling

## **6. GROUP COUNSELING AND GROUP WORK**

- a. theoretical foundations of group counseling and group work
- b. dynamics associated with group process and development
- c. therapeutic factors and how they contribute to group effectiveness
- d. characteristics and functions of effective group leaders
- e. approaches to group formation, including recruiting, screening, and selecting members
- f. types of groups and other considerations that affect conducting groups in varied settings
- g. ethical and culturally relevant strategies for designing and facilitating groups
- h. direct experiences in which students participate as group members in a small group activity, approved by the program, for a minimum of 10 clock hours over the course of one academic term

## **7. ASSESSMENT AND TESTING**

- a. historical perspectives concerning the nature, meaning of assessment, and testing in counseling
- b. methods of effectively preparing for and conducting initial assessment meetings
- c. procedures for assessing risk of aggression or danger to others, self-inflicted harm, or suicide
- d. procedures for identifying trauma and abuse and for reporting abuse
- e. use of assessments for diagnostic and intervention planning purposes
- f. basic concepts of standardized and non-standardized testing, norm-referenced and criterion referenced assessments, and group and individual assessments
- g. statistical concepts, including scales of measurement, measures of central tendency, indices of variability, shapes and types of distributions, and correlations
- h. reliability and validity in the use of assessments
- i. use of assessments relevant to academic/educational, career, personal, and social development

- j. use of environmental assessments and systemic behavioral observations
- k. use of symptom checklists, and personality and psychological testing
- l. use of assessment results to diagnose developmental, behavioral, and mental disorders
- m. ethical and culturally relevant strategies for selecting, administering, and interpreting assessment and test results

## **8. RESEARCH AND PROGRAM EVALUATION**

- a. the importance of research in advancing the counseling profession, including how to critique research to inform the counseling practice
- b. identification of evidence-based counseling practices
- c. needs assessments
- d. development of outcome measures for Counseling Departments
- e. evaluation of counseling interventions and programs
- f. qualitative, quantitative, and mixed research methods
- g. designs used in research and program evaluation
- h. statistical methods used in conducting research and program evaluation
- i. analysis and use of data in counseling
- j. ethical and culturally relevant strategies for conducting, interpreting, and reporting the results of research and/or program evaluation

### **Reference**

Council for Accreditation of Counseling and Related Educational Programs. (2015). 2016 CACREP standards.

## **CACREP Clinical Mental Health Counseling Competencies**

Students who are preparing to specialize as clinical mental health counselors will demonstrate the knowledge and skills necessary to address a wide variety of circumstances within the context of clinical mental health counseling. Counseling Departments with a specialty area in clinical mental health counseling must document where each of the lettered standards listed below is covered in the curriculum.

### **1. FOUNDATIONS**

- a. history and development of clinical mental health counseling
- b. theories and models related to clinical mental health counseling
- c. principles, models, and documentation formats of biopsychosocial case conceptualization and treatment planning
- d. neurobiological and medical foundation and etiology of addiction and co-occurring disorders
- e. psychological tests and assessments specific to clinical mental health counseling

### **2. CONTEXTUAL DIMENSIONS**

- a. roles and settings of clinical mental health counselors
- b. etiology, nomenclature, treatment, referral, and prevention of mental and emotional disorders
- c. mental health service delivery modalities within the continuum of care, such as inpatient, outpatient, partial treatment and aftercare, and the mental health counseling service networks
- d. diagnostic process, including differential diagnosis and the use of current diagnostic classification systems, including the Diagnostic and Statistical Manual of Mental Disorders (DSM) and the International Classification of Diseases (ICD)
- e. potential for substance use disorders to mimic and/or co-occur with a variety of neurological, medical, and psychological disorders
- f. impact of crisis and trauma on individuals with mental health diagnoses
- g. impact of biological and neurological mechanisms on mental health
- h. classifications, indications, and contraindications of commonly prescribed psychopharmacological medications for appropriate medical referral and consultation
- i. legislation and government policy relevant to clinical mental health counseling
- j. cultural factors relevant to clinical mental health counseling
- k. professional organizations, preparation standards, and credentials relevant to the practice of clinical mental health counseling
- l. legal and ethical considerations specific to clinical mental health counseling
- m. record keeping, third party reimbursement, and other practice and management issues in clinical mental health counseling

### **3. PRACTICE**

- a. intake interview, mental health status evaluation, biopsychosocial history, mental health history, and psychological assessment for treatment planning and caseload management
- b. techniques and interventions for prevention and treatment of a broad range of mental health issues
- c. strategies for interfacing with the legal system regarding court-referred clients
- d. strategies for interfacing with integrated behavioral health care professionals
- e. strategies to advocate for persons with mental health issues

## Appendix B - Counseling Program Professional Dispositions

The University of Mount Olive Counseling Program strives to make positive contributions to the counseling profession by admitting, educating, developing, retaining, and graduating students who are a good professional and dispositional fit for becoming capable, effective, and ethical counselors. Faculty are ethically bound to serve as gatekeepers of the counseling profession, as academics alone do not determine success and ethical behavior in the field. Aside from the academic standards and policies the university requires of graduate students, being a counselor-in-training also requires students to be regularly evaluated throughout the course of the program on additional factors that reflect ethical goodness of fit for the profession.

Formal and informal feedback from professors and site supervisors will regularly examine, review, and evaluate students' non-academic dispositional factors, attitudes, skills, judgments, and related characteristics to discern appropriateness for the field and the counseling profession. These assessments are made throughout the student journey from the application process, throughout coursework, and into the professional experience in practicum and internship.

Dispositional issues and concerns may reveal themselves throughout any point of the graduate program. As such, faculty discuss student progress on a regular basis - both formally and informally, and the student's faculty advisor serves as the point of contact for instances where dispositional issues need to be addressed. In cases where faculty determine there is a student concern of a dispositional nature, a plan of action is determined to address remediation, and is then followed by a re-evaluation process.

### ONGOING FACULTY ASSESSMENT:

Counseling departmental faculty meetings include a standard agenda item that addresses student concerns and/or issues. This allows all faculty members to be aware of any potential problematic issues around grades, behaviors, and dispositions for students in the program. If a student concern is repetitive or serious, faculty address the issue collaboratively and provide recommendations accordingly up to and including meeting with the student, issuing written feedback/warning, potential referrals to counseling, and/or removal from the program.

### DISPOSITIONAL AWARENESS / COURSE DISCUSSIONS AND ASSIGNMENTS:

Students are made aware of the concept of dispositions during the interview process, orientation meetings, and during a review of the student handbook with faculty advisors. Students sign and submit an acknowledgement that they have read and understand these dispositions. Professional dispositions are also addressed in readings, assignments, and class discussions during first semester courses (COUN 500 Professional Identity, Ethical, and Legal Issues in Counseling; COUN 510 Theories of Counseling; COUN 520 Multicultural Counseling; COUN 560 - Human

Growth and Development - as well as an informal evaluation during COUN 610 - Counseling Techniques & Helping Relationships). If students self-identify as having potential dispositional issues, faculty follow-up with students directly via feedback, meetings, and collaborative faculty discussions. A dispositional follow-up plan is co-created with the faculty and student to address any potential remediation that must take place prior to continuing in the program. Remediation plans will be acknowledged through signature by the student, faculty member, and faculty advisor. A copy will be provided to all parties as well as to the student's academic advisor in the University's office of Adult & Graduate Programs.

### **COUNSELOR-IN-TRAINING PROFESSIONAL DISPOSITIONS**

Dispositions are the values, commitments, and professional ethics that influence behaviors toward others, and, if sincerely held, dispositions lead to actions and patterns of professional conduct. The University of Mount Olive's Counseling Program dispositions adhere to the University's mission statement and are derived from the American Counseling Association (ACA) Code of Ethics. Although these dispositions are not all inclusive, they do represent values and qualities warranted by counseling students. Students who fail to adhere to or demonstrate such dispositions may be subject to disciplinary actions.

1. **Professional Identity & Ethics** – Adheres to regulatory state boards and nationally recognized ethical guidelines (e.g., ACA, AMHCA, NBCC, etc.). Practices only within their scope and competencies utilizing best practices and empirically supported treatments. Stay current with the counseling profession through seeking continuing education, and by supporting counseling associations.
2. **Professional Behavior** – Behaves in a professional manner towards instructors, staff, supervisors, peers, and clients (including appropriate dress & attitudes). Demonstrates the ability to collaborate in a respectful manner.
3. **Professional and Personal Boundaries** – Maintains appropriate boundaries with instructors, staff, supervisors, peers, and clients.
4. **Self-Awareness** - Demonstrates awareness of personal moral, ethical, and value systems and is acutely aware of personal limitations in all counseling interactions providing counseling services with objectivity, justice, fidelity, veracity, and benevolence.
5. **Multicultural Competencies** – Demonstrates awareness, appreciation, and respect for cultural differences (e.g., race, ethnicity, spirituality, sexual and gender orientation, disability, SES, etc.)
6. **Emotional Stability & Self-Control** – Demonstrates emotional stability (i.e., congruence between mood & affect) and self-control (i.e., impulse control) in relationships with instructors, staff, supervisors, peers, and clients.
7. **Motivation to Learn & Grow/Initiative** – Demonstrates engagement in learning and development of his or her counseling competencies.

8. **Openness to Giving & Receiving Feedback** - Accepts feedback from- and provides feedback to peers in an amiable and respectful manner. Responses non-defensively and alters behavior in accordance with feedback from instructors and supervisors.
9. **Flexibility & Adaptability** – Demonstrates ability to flex to changing circumstances, unexpected events, and new situations.
10. **Congruence & Genuineness** – Demonstrates ability to be present and “true to oneself.”
11. **Knowledge & Adherence to Policies** – Demonstrates and understanding of and appreciation for all counseling program, and site policies and procedures. Seeks out clarification from faculty and supervisors when uncertainty arises.
12. **Record Keeping, Task Completion** – Completes all weekly record keeping and tasks correctly and promptly (e.g., case notes, treatment plan, and reports).

## **Appendix C Consent to Audio/Video Tape Form**

### **University of Mount Olive Counseling Department**

#### **Consent for Audio or Video Taping**

As you already know you are being provided counseling by a counselor in training at the University of Mount Olive. During this process, your counselor will be supervised here at the agency and at the university. The purpose of this supervision is to ensure that you receive the best possible treatment, and that the counseling student grows from this experience.

We want to assure you that all the standard confidentiality requirements associated with your counseling will be observed. Your counselor may discuss this case in supervision. However, at no time will that discussion contain data (name, address, etc..) that could identify you. Confidential information will be fully protected as required by laws and ethical codes.

Part of this supervision is the detailed review of an audio recording of a counseling session. This is a critical piece of the education process because it allows the supervisor to help the counselor with specific counseling skills through observing these skills directly. Every precaution will be taken so that confidential information is protected, and the recording will be destroyed immediately after its use in supervision. If you have questions about this process, please discuss them with your counselor or other agency personnel. We appreciate your participation and assure you that our primary goal is to provide you with the best possible treatment and that all your rights are protected in this process.

**University of Mount Olive  
Counseling Department**

**Consent Form for Audio or Video Taping**

I, \_\_\_\_\_, give my consent to the audio recording of my counseling session. This is to allow my counselor to participate in detailed supervision by a clinical supervisor. This recording is to be used for the sole purpose of improving the counseling process; and for the professional education connected with my counselor's training. My counselor, \_\_\_\_\_, is the sole owner of this recording and agrees not to use or permit the use of my name in connection with this recording. It is agreed that this recording will be destroyed immediately after it is used in the supervisory session.

# Appendix D – CCS-R

## Counselor Competencies Scale - Revised (CCS-R) ©

(Lambie, et al., 2016)

The Counselor Competencies Scale-Revised (CCS-R) assesses counselors' and trainees' skill developments and professional competencies. Additionally, the CCS-R provides counselors and trainees with direct feedback regarding their demonstrated ability to apply counseling skills and facilitate therapeutic conditions, and their counseling dispositions (dominant qualities) and behaviors, offering the counselors and trainees practical areas for improvement to support their development as effective and ethical professional counselors.

### Scales Evaluation Guidelines

- **Exceeds Expectations / Demonstrates Competencies (5)** = the counselor or trainee demonstrates **strong** (i.e., \*exceeding\* the expectations of a beginning professional counselor) knowledge, skills, and dispositions in the specified counseling skill(s), ability to facilitate therapeutic conditions, and professional disposition(s) and behavior(s).
- **Meets Expectations / Demonstrates Competencies (4)** = the counselor or trainee demonstrates **consistent** and **proficient** knowledge, skills, and dispositions in the specified counseling skill(s), ability to facilitate therapeutic conditions, and professional disposition(s) and behavior(s). A beginning professional counselor should be at the 'Demonstrates Competencies' level at the conclusion of his or her practicum and/or internship.
- **Near Expectations / Developing towards Competencies (3)** = the counselor or trainee demonstrates **inconsistent** and **limited** knowledge, skills, and dispositions in the specified counseling skill(s), ability to facilitate therapeutic conditions, and professional disposition(s) and behavior(s).
- **Below Expectations / Insufficient / Unacceptable (2)** = the counselor or trainee demonstrates **limited** or **no evidence** of the knowledge, skills, and dispositions in the specified counseling skill(s), ability to facilitate therapeutic conditions, and professional disposition(s) and behavior(s).
- **Harmful (1)** = the counselor or trainee demonstrates harmful use of knowledge, skills, and dispositions in the specified counseling skill(s), ability to facilitate therapeutic conditions, and professional disposition(s) and behavior(s).

### CCS-R-1

**Directions:** Evaluate the counselors or trainees counseling skills, ability to facilitate therapeutic conditions, and professional dispositions & behaviors per rubric evaluation descriptions and record rating in the score column on the left.

### CACREP (2016) Common Core Standards:

Strategies for personal and professional self-evaluation and implications for practice (Section II, *Standard 1.k.*).

Self-care strategies appropriate to the counselor role (Section II, *Standard 1.l.*).

Multicultural counseling competencies (Section II, *Standard 2.c.*)

A general framework for understanding differing abilities and strategies for differentiated interventions (CACREP, 2016, Section II, *Standard 3.h.*). Ethical and culturally relevant strategies for establishing and maintaining in-person and technology-assisted relationships (Section II, *Standard 5.d.*). Counselor characteristics and behaviors that influence the counseling processes (Section II, *Standard 5.f.*).

Essential interviewing, counseling, and case conceptualization skills (Section II, *Standard 5.g.*). Developmentally relevant counseling treatment or intervention plans (Section II, *Standard 5.h.*). Processes for aiding students in developing a personal model of counseling (Section II, *Standard 5.n.*).

The counselor education program faculty has a systematic process in place for the use of individual student assessment data in relation to retention, remediation, and dismissal. (Section 4, *Standard H.*).

Professional practice, which includes practicum and internship, provides for the application of theory and the development of counseling skills under supervision. These experiences will provide opportunities for students to counsel clients who represent the ethnic and demographic diversity of their community (Section III, *Professional Practice*).

Entry-Level Professional Practice and Practicum (Section III, *Professional Practice*, p. 13).

- a) Students are covered by individual professional counseling liability insurance policies while enrolled in practicum and internship.
- b) Supervision of practicum students includes program-appropriate audio/video recordings and/or live supervision of students interactions with clients.
- c) Formative and summative evaluations of the students counseling performance and ability to integrate and apply knowledge are conducted as part of the students practicum.
- d) Students must complete supervised counseling practicum experiences that total a **minimum of 100 clock hours** over a full academic term that is a minimum of 10 weeks.
- e) Practicum students must **complete at least 40 clock hours of direct service** with actual clients that contributes to the development of counseling skills.
- f) Practicum students have weekly interaction with supervisors that averages **one hour per week of individual and/or triadic supervision** throughout the practicum by (1) a counselor education program faculty member, (2) a student supervisor who is under the supervision of a counselor education program faculty member, or (3) a site supervisor who is working in consultation on a regular schedule with a counselor education program faculty member in accordance with the supervision agreement
- g) Practicum students participate in an average of **1 1/2 hours per week of group supervision** on a regular schedule throughout the practicum. Group supervision must be provided by a counselor education program faculty member or a student supervisor who is under the supervision of a counselor education program faculty member.

### **CACREP (2016) Specialty Standards:**

- Clinical Mental Health Counseling
- Techniques and interventions for prevention and treatment of a broad range of mental health issues (3. Practice, \*Standard\* b.).
  
- Marriage, Couple, and Family Counseling
- Techniques and interventions of marriage, couple, and family counseling (3. Practice, \*Standard\* c.).
  
- School Counseling
- Techniques of personal/social counseling in school settings (3. Practice, \*Standard\* f.).
